

2015-16 *History–Social Science Framework* Update  
Index of Public Comments Received During the Second Field Review

This list includes public comments received during the second field review of the *History–Social Science Framework*. These comments were in response to the updated framework draft that was approved by the Instructional Quality Commission on November 20, 2015, and posted on the California Department of Education Web site on December 17, 2016. The list includes all comments received between that date and February 29, 2016. Comments included e-mails and attachments sent to [hssframework@cde.ca.gov](mailto:hssframework@cde.ca.gov), [iqc@cde.ca.gov](mailto:iqc@cde.ca.gov), and the e-mail addresses of CFIR Division staff, as well as physical submissions that were scanned into digital format.

As with previous batches of comments received on the *History–Social Science Framework*, these comments were distributed to members of the Instructional Quality Commission via a link to a Box.com account. The comments were all provided in full, without editing, and are available to members of the public upon request.

All files are in PDF format unless noted.
